BOIL WATER ADVISORY

Greetings Town of Eaton Water Customers,

A Boil Water Advisory was issued on January 29, 2024. Since then, the issue has been repaired. Bacteriological samples have been collected from representative sites of the affected area and tested. The test results were satisfactory, and it is no longer necessary to boil the water.

Thank you for your patience and for the water conservation measures you followed. If you have any questions, please contact the Water Utility Office at (765)396-3980.
