BOIL WATER ADVISORY

Dear Water Customers:

In consultation with the Indiana Department of Environmental Management, it has been determined that the water **customers located between East Union Street and Ft Wayne Avenue on Harris Street should boil their water (Only 18 customers)**. This precautionary measure is recommended because we are experiencing a drinking water problem within your area.

It is recommended that all cooking and drinking water be brought to a complete boil for five (5) minutes before using. Please continue to boil all cooking and drinking water until we notify you that it is no longer necessary.

We appreciate your cooperation during this time and will update you as necessary until the drinking water problem has been solved. If you have any questions concerning the drinking water problem, please contact your water department at (765) 396-3980.

Jim Marcum, Water Superintendent
